IV. Presentation #1 CSU PD Electric Bicycles

Ashley Rose, Anthony Rose, Dee

mission - provide safe and secure campus

Platinum campus rating for sustainability. Highly rated bicycle city
CSU PD has bought two bicycles already and equipped officers and trained them.

CSU police officers feel they are more approachable than in police vehicles. Face helmets still some minor barrier to general public. Positive interaction

Swift, mobile units, quicker response time than regular bicycle police units.

Bike theft is largest crime on campus.

More eco-friendly than driving regular patrol vehicle

conference training for 3 officers

Q - what do you hope to gain from IPMBA conference?

A - riot training working with Larimer county bike units, training for large events and football games. More of a presence. Classes on building bicycle team, community, E-bike training, Community relations with a bicycle team, education from bicycle teams.

Q - Patricia - next fiscal year? Idle unused bicycles with all 7 bicycles?

A - Having everyone on E-bikes as opposed to bicycle only. Events at stadium = higher utilization of police force.

Q - Purchase two more? (Gina)

A - max of two bicycles for each fiscal year

Q - Utilizing E-bike reduces car vehicle usage?

A - Yes.

Q - Prefer bicycles or conference attendance?

A - Bicycles starting Fall 2019

V. Presentation #2 Rams Ride Right

Carol Busch - CBAC , Rams Ride Right (handout distributed before presentation)

Fall campaign had students rewarded students for proper cycling behavior

Many rewards donated by variety of companies in Fort Collins.

Why do we need RRR? Limited availability of CSU PD, supplements the need for encouragement who are observing lawful behavior. Education and engagement positive peer-to-peer relationship building.

Q - Why only asking for \$5,000 not \$10,000 (Patricia)

A - unsure

Q - What other campaigns does CBAC do?

A - Bike to Breakfast, CBAC education freshman program. Bicycle education module, focus on bicycles. WeRide freshman program. Free helmets, meet CSU PD.

Q - Module already developed?

A - Being developed Spring and Fall semesters. Expertise crafted and provided through CBAC.

Pairs enforcement with bicycle education. Collaborating with CSU PD, CSU PD also now sits on CBAC.

Q - Recognize ATFAB during RRR campaign?

A - Absolutely. We love celebrating and collaborating with our sponsors and donors.

“I would guess we are the only University in the country that has a successful, innovative, unique program like this. We would love to have ATFAB be part of that”

VI. ASCSU funding

Hanna explains ASCSU funding request for the LSC roundabout study
-Why does it cost 35k? Aaron explains engineering details around this process.
