

## Alternative Transportation Fee Advisory Board 2018-2019

March 4th, 2019 5:30pm  
Lory Student Center Room 304  
**Draft**  
Recorded by: Andrea Fairfield

I. Call to Order

II. Attendance

Name	Title	Affiliation	Present?
Hanna Johnson	Chair	Chair	yes
Zach Vaishampian	Representative	ASCSU At Large	yes
Andrea Fairfield	Representative	ASCSU At Large	no
Gina McCrackin	Associate		yes
Patricia Vail	Representative Associate	Ag Sciences	yes
Noah Fishman	Representative Associate	Business	yes
Max Drummond	Representative Associate	CVMBS	yes
Jordan Schlitzer	Representative	Engineering	yes
Michael Townsend	Associate		yes
Wendell Stainsby	Representative	Graduate School	yes
Michelle LaCrosse	Associate		yes
Miguel Ojeda	Representative Associate	HHS	no
Josh Lindell	Representative Associate	Liberal Arts	yes
Adam Wilson	Representative Associate	Natural Sciences	yes
Kalyn O'Byrne	Representative Associate	Undeclared	yes
Dominique Ashe	Representative Associate	Warner College	yes

**III. Approval of Minutes from Last Meeting**

- a. Approved? Yes

Motion to approve: Josh Lindell

Second: Zack Vishampian

**IV. Discussion about the projects:**

- a. MD- hughes way trail impacts the most students which is his first place, will get a lot of use, don't agree with ranking SkiSU so low because it is a good marketing scheme for the university. Everything else agreed with
- b. PV-agrees with hughes trail! and roundabout is higher than it should be. SkiSU is a modest proposal however there is the potential for them to become more self sufficient which would be contingent on his/her voting towards this. Rams ride right might not have the biggest impact since its more free stuff.
- c. DA-hughes way trail increases and enables more traffic via cars sounds like it is going to be funded already so he/she thinks it will be more beneficial to fund other areas that don't have other funding sources. E-bikes maybe partially fund instead of the full funding amount.
- d. MO- Roundabout is top, Transit stops good idea how it pertains to this board, rams ride right is still just more free stuff.
- e. AF-Hughes way
- f. JL- Hughes way is biggest because of safety. SkiSU very small scope of who it is effecting. CSU bikes was a negative case because bikes chases since they are electric and won't increase enforcement, subsidizing the police department, Roundabout was a big concern
- g. KB-Hughes way #1, funding for roundabout through senate? SkiSU influences a small part of the student body even though everyone is paying for it. Bikes-no more than 3.
- h. MT-If we don't fund Hughes way we could fund everything else. It is a lot of cash to drop on one project. SkiSU same as everyone else.

Pro-spoke. Bikes are a good project to help with accessibility on campus instead of using cars.

- i. JS-agrees with top three, most of the funding for Hughes way for partial funding since we did a trails project last year and it's important to fund other areas of campus. Spoke is important (partial fund). E-bikes similar to what is already been said. SkiSU reviewing budget to cut funding but support a little bit. No Rams Ride right and covered stops.
- j. ZV- If we didn't fund Hughes way we could fund everything else. Covered transit stops aren't important to him/her. SkiSU knows people who brought cars just to ski, but should fund only if increases \$25. The spoke is good! Hold on roundabout to see if senate funds it. Ram's Ride right say we fund it since it's a small request. Go to facilities and see if they will take the remaining amount of money.
- k. AW-Hughes way give some money to after we have funded other projects. SkiSU and Spoke are important
- l. WS-Whatever is left for Hughes way. Ram's Ride right is good since it is a small amount. SkiSU and Spoke represent the campus. Police bikes make him/her uneasy.
- m. (JS)-Hughes way should get the remaining sum from whatever else we fund. SkiSU is important since there are a lot of people and it is cheap to transport people. CSU PD a lot of kick-back from students that they talked to. Feedback from Liberal Arts Council about bike chases on campus, and anywhere they can enforce dismount zones can be done on a normal bike.
- n. NF-Funding just the bike trail for the Hughes way plan. Agrees with Spoke, SkiSU could improve budgeting and should increase ticket price but would still fund. Neutral on Ram's Ride Right. CSU Bikes not sure if that is within the scope of ATFAB.

## **V. Questions/Comments**

Q-AW PD Funding and subsidizing?

A- Funding comes from tuition. TEET and BEET funds which are self-funded and not sure which fund they would be funding them out of. Enforcement is part of what makes us a Platinum rated university

## Comment-KBShouldn't fund their conference only the bikes

Comment: JL-We should disregard Covered Transit Stops and University Ave, \$150K for Hughes way and we could still fund everything else

Comment: MT-Likes JL's plan since there aren't many of us who are for the transit stops. University ave will probably be funded through the Senate. E-Bikes we might be getting lost in some of the details but should remember the bigger pictures that we are so bike friendly that we have Police Bikes. Agrees with majority for partial funding of Hughes way

Comment: PV- Covered Transit Stops where presented poorly but aren't terrible and shouldn't be placed as far back but doesn't necessarily mean we should fund them. E-Bikes are apart of the 10 year vision which needs to be accounted for which might not be in the budget for the PD. Wouldn't vote for 5 full bikes though. Would get rid of the university study and transit stops.

Comment: MD-Hard to talk with his college council and talked to people in his computer labs and police had a negative viewpoint. If they wanted to increase safety they should monitor more areas and not sure that would help with monitoring. Could help a little but not much. People are excited about SkiSU and Ram's Ride Right helps people learn to ride a bike. Spoke is great and we need to figure out what happens what would happen if we don't fund Hughes.

Comment: MO- Hughes way would make the most impact on all the students. Electric bikes and SkiSU and Ram's Ride Right which reflect on who we are. E-Bikes wouldn't want to fund for the convention.

Comment: ZV-E-bikes they do contribute to Platinum Friendly University-Engineering, Education, Encouragement, Enforcement, Evaluation (5 Criteria). Enforcement is the largest thing in this university that is the most lacking. Bikes on this campus have really poor behavior and getting extra bike cops would be better than getting bikes. However, there is not any money for a new bike cop so increasing the current cops to be bike cops. Covered bike stops are still on the bottom of the list. Fund three e-bikes and NO Conference.

Comment: JS- Increasing Ticket prices for SkiSU would increase revenue \$1800 a year. So not sure if we should ask this of a relatively new program.

Q: DA- Will the bike lane be permanent to this plan? Or will it sway depending on funding for ATFAB.

Comment:DA-Fund everything outside of Hughes way and have a back up plan if other funding sources fall through. Police on bikes should be funded.

Comment: NF- Covered transit stops isn't adding any value. Likes the idea for partial funding for Hughes Way and 2-3 Bikes for CSUPD. Leaves \$180K for Hughes way.

Comment: AW-Enforcement is good for CSU and they don't want to go back to student cops because of all the issues. We are right to talk about a lack of biking etiquette on campus which is why the Ram's ride right program is so good. Covered stops are just funny because of the lack of value

Comment: JL- Fund half with ASCSU for the University Ave. Study.

Comment: SkiSU increased ticket prices for the day of. left out of the original presentation.

VI. Post Meeting Action Items

Action:	Assigned To:	Deadline:
Clarify CSU PD Funding(see above)		
Figure out what would happen if we don't fund Hughes	Hanna Johnson	3/11/2019

--	--	--

VII. Motions Ideas

- **Motion 1- SkiSU partial funding for \$25 tickets**
- **Not fund all three E-Bikes**
- **Spoke partial funding**
- **Ram's Ride Right- continue with donations and reduce funding in general.**

**Motions Made:**

1. **JL- Spoke, SkiSU, Rams Ride Right are fully funded, 3 bikes and the conference for the CSUPD and half funded with ASCSU on University Ave. Study.**
  - a. **Motion:Josh Lindell**  
**Second: Zack but move discussion to next week.**
